(800) 621-5886 or contact your local
sales representative.

SPEND MORE TIME ENJOYING YOUR POOL, NOT CLEANING IT.

The Paramount Debris Containment Canister minimizes the time spent maintain-
ing your swimming pool. Pools equipped with the Debris Containment Canister are
cleaner pools with debris held out of sight and ready for easy access and disposal,
right from the deck of the pool! With a capacity 300% larger than the average pump
basket, you can dispose of the contained debris easier and less often.

The Paramount Debris Containment Canister is designed to work in conjunction with
the MDX Debris Removal System. Large debris collected by the MDX high capacity
drain is stored easily in the Canister until removal. Combined with a Paramount in-
floor system, the Debris Containment Canister ensures an automated and complete
hands off method of pool cleaning. Paramount also offers an optional high capacity
stainless steel collection basket, perfect for pools built in high debris areas.

FEATURES AND BENEFITS

- Sturdy PVC construction
- Holds 300% more than most pump baskets
- Quick and easy debris removal; no threads, clamps, or seals
- Catches debris before it can get to the pump basket
- Reduces maintenance and time spent removing debris
- Available in three colors to blend with any deck
